FRONTEND DEVELOPER

Rocketeers - International Position

We are seeking a talented software developer to join our international team at Rocketeers. As a software developer, you will collaborate with engineers in Denmark and the EU to develop, test, and maintain software applications that meet the needs of our clients. You will work closely with project managers, designers, and other developers to deliver high-quality software solutions.

Responsibilities:

- Collaborate with engineers in Denmark and the EU to develop, test, and maintain software applications
- Write clean, efficient, and well-documented code
- Participate in code reviews to ensure code quality
- Troubleshoot and debug issues as they arise
- Stay up-to-date with emerging trends and technologies in software development

Requirements:

- Bachelor's degree in Computer Science or related field
- Experience with Angular, React or similar.
- Experience with database technologies such as MSSQL, CosmosDB or similar
- Experience with front-end development technologies such as TypeScript or HTML and CSS
- Strong understanding of software development principles and methodologies
- Experience with software development tools such as IDEs, version control systems (Git), and issue tracking systems
- Excellent problem-solving skills
- Ability to work independently and as part of a team
- Strong communication skills in english

Nice-to-have:

- Experience with programming languages such as C#
- Experience with cloud technologies such as Azure or other cloud platforms
- Familiarity with agile development methodologies, such as *SCRUM*
- Experience with mobile app development
- Experience with machine learning or AI technologies

At Rocketeers, we offer competitive compensation packages. We also provide opportunities for career growth and development in an international environment.

If you are a talented software developer in Colombia looking for an exciting new opportunity to work with international colleagues, we encourage you to apply for this position. Please submit your resume and cover letter, along with any relevant work samples or portfolio links to **job@rocketeers.dev**

We look forward to hear from you!
